**WE ARE
GMSDC**

Who We Are

The Georgia Minority Supplier Development Council (GMSDC) is the state of Georgia's leading small business development and supplier diversity organization. Our core function remains as simple as it is effective – to certify Minority Business Enterprises, help them develop the capacity required contributing to global supply chains, and then facilitating partnerships with corporations and governments looking for their services. It is a time-tested formula that works, resulting in billions of dollars in revenues annually.

Our Value Proposition is Your Success

- Assistance with establishing a world-class supplier diversity program that supports inclusive contracting throughout the supply chain
- Access to an extensive database of certified ethnic-minority suppliers in Georgia and nationwide
- Corporate and MBE networking opportunities for creating value-driven business relationships
- Assistance with customized procurement conferences and matchmaking services
- Corporate visibility through sponsorship
- Professional development courses and seminars, expansion of business networks, and access to mentoring are benefits enjoyed by certified MBE firms
